

# Integrate Card

## **Goal:**

Combine individual and group insights into a *draft ER model*.

## **Participant Activity:**

- Technical expert drafts ER model based on previous stage artifacts and discussions.

## **Facilitator Prompts:**

- “Which relationships are required for all voices?”
- “Where does disagreement remain unresolved?”

## **Artifacts/Outputs:**

- Shared ER sketch.
- Log of unresolved conflicts if any.

## **Validation Check:**

Entity types and relationships are **mutually agreed** among participants.
