Facilitator Normalize Card

Role:
Ensure accountability and traceability of participation.

Encourage
- Voice-to-model tracing
- Reflection on exclusions
- Documentation for future reuse

Intervene Against
- Declaring closure without validation
- Treating the model as final truth

Typical Failure Modes
- 'Looks good to me' closure
- Forgotten disagreements

Recovery Prompts
- "Can each role/voice point to where they are represented?"
- "What remains unresolved and why?"

Exit Condition
- Final model + voice-coverage validation.
- Voice silencing, entity and relationship silencing are documented.
